QUALITY MANAGEMENT

What is ISO 9001?

ISO 9001 is an internationally recognised quality management system (QMS) standard. It is the world’s leading quality management standard and has been implemented by over one million organisations in over 170 countries globally.

Benefits of ISO 9001 Certification

- Enhanced customer satisfaction and improved customer loyalty leading to repeat business
- Increased revenue and market share obtained through flexible and fast responses to market opportunities
- Integration and alignment of internal processes which will lead to increased productivity and results
- Providing confidence to interested parties as to the consistency, effectiveness and efficiency of the organisation
- Consistency in the delivery of your product or service
- Lower costs and shorter cycle times through effective use of resources
- Improved communication, planning and administration processes
